

SREELAL H

Technology Architect | Engineering Manager | Mobile, Frontend & AI

Trivandrum, Kerala, India | +91 9495244113 | sreelal.h@gmail.com | www.linkedin.com/in/sreelalh

PROFESSIONAL SUMMARY

Visionary Technical Architect and Engineering Leader with over 18 years of experience in software engineering, specializing in Solution Architecture, Enterprise Applications, and Mobile & Frontend digital platforms. Experienced in leading distributed teams, defining scalable microfrontend architectures, driving technical decisions, and delivering high-impact enterprise solutions for global clients across Banking, Insurance, Healthcare, and Travel. Deeply experienced in modern technology stacks including React Native, Swift, SwiftUI, and enterprise frameworks (Jutro/Guidewire). Passionate about driving next-generation digital transformations by leveraging Agentic AI, LLMs, and Machine Learning to architect intelligent, future-proof solutions.

CORE COMPETENCIES & TECHNICAL SKILLS

- **Architecture & Leadership:** Solution & Technical Architecture, Microfrontend & Modular Architecture, System Design (MVVM, MVP, Clean Swift), Engineering Management, Agile/Scrum, SAFe.
- **Mobile & Digital Platforms:** iOS, Swift, SwiftUI, UIKit, Objective-C, React Native, Cordova, Guidewire Digital Platform (JDP) / Jutro.
- **Frontend & Web:** React.js, JavaScript, AngularJS, HTML5, CSS3.
- **Cloud & Backend:** Microsoft Azure, RESTful APIs, Node.js, Python, MongoDB, CI/CD Pipeline Automation, DevOps.
- **AI & Data Engineering:** Generative AI, Agentic AI, LLMs, RAG, Context Engineering, Machine Learning, Data Science, NLP, AI-Assisted Development.

PROFESSIONAL EXPERIENCE

Ernst & Young (EY)

Engineering Manager / Technical Architect | Aug 2015 – Present

- Drive architecture, technical delivery, and engineering initiatives for complex enterprise applications across global client engagements.
- Bank of Bangkok (React Native): Led technical architecture and development of a secure React Native wallet app (iOS/Android). Architected core modules, integrated SDKs (Microsoft Entra, NEC Face Detection), and managed CI/CD pipelines.
- Bank of Singapore (Native iOS): Spearheaded architecture of enterprise iOS apps using Swift and UIKit. Designed modular components, directed distributed teams, and ensured rigorous engineering standards.
- Safety Insurance (Jutro/JDP): Engineered highly scalable, microfrontend architectures using Jutro and React.js aligned with strict enterprise standards.
- Kaiser Permanente (Healthcare): Orchestrated native iOS development (Swift, UIKit) coordinating a global team as Technical Scrum Master.
- AXA Asia (Insurance): Architected and developed a cross-platform mobile solution (Cordova, AngularJS) to streamline enterprise workflows and data capture for insurance claim adjusters and surveyors.

- Royal Caribbean Cruises (Travel): Developed a native iOS application (Swift) aimed at enhancing frictionless boarding and the connected stateroom experience for guests. Successfully integrated Digital Keys SDK, stateroom automation, and indoor positioning utilizing Mapbox and Mapwize SDKs.

Tata Consultancy Services (TCS)

Assistant Consultant / Mobile App Developer | Sep 2012 – Aug 2015

- Engineered a proprietary enterprise Business Intelligence mobile application as a core TCS product.
- Contributed to native (Swift/Objective-C) and hybrid mobile application development for major clients, including GE.
- Mentored development teams, providing technical guidance and overseeing technical design and delivery.

UST Global

Senior Software Engineer / Mobile App Developer | Mar 2011 – Sep 2012

- Developed and integrated hybrid mobile applications for high-profile clients including GE and KPMG using modern web and mobile technologies.

RapidValue Solutions

Senior Software Engineer / iOS Developer | Jun 2009 – Oct 2010

- Delivered end-to-end native iOS application development solutions for diverse customer portfolios.

KTS Infotech

Software Engineer | Jan 2008 – May 2009

- Initiated software engineering career by developing, debugging, and maintaining robust applications using VC++ and C#.NET.

EDUCATION

Bachelor of Technology (B.Tech) – Information Technology

CERTIFICATIONS

- AI & Data Science: GitHub Copilot (2025) | Microsoft Azure AI Fundamentals (2025) | Microsoft Azure Data Scientist Associate (2024) | Certified in Data Science, IIM Kozhikode (2022)
- Cloud Architecture: Microsoft Azure Developer Associate (2020)
- Agile & Delivery: SAFe® Agilist (2022) | Certified ScrumMaster (CSM®) (2021) | Certified Scrum Product Owner (CSPO®) (2021)
